RE: Liberty Village Traffic Action Plan Update

Dear Colleagues,

I am recommending that the Toronto and East York Community Council add to the agenda the attached transmittal from the Director, Traffic Management and Director, Planning, Design and Management of the City's Transportation Services Division providing a status update on a traffic action plan for Liberty Village.

This report seeks to be received by TEYCC. I'll be moving a motion tomorrow to have it forwarded to City Council for consideration as well. This will make timely information available on the public record for staff, agencies, community interest groups, and residents who continue to work together to improve mobility options, streetscape, and traffic conditions in Liberty Village.

This transmittal did not meet the Toronto and East York agenda closing. I am recommending we add this important report as new business to be considered at this meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Malik", with a stylized, cursive script.

Ausma Malik
Deputy Mayor
City Councillor, Ward 10, Spadina-Fort York
