Toronto and East York Community Council  
City Hall, Committee Room 1  
100 Queen Street West  
Toronto ON M5H 2N2

Dear Committee Members,

**Re: Speed Hump Installation – McGill Street between Sheard Street and Church Street**

I am writing to request speed humps on McGill Street between Sheard Street and Church Street in order to improve pedestrian safety in the McGill-Granby neighbourhood.

At the July 10, 2024 Toronto East York Community Council meeting, the McGill-Granby Village Residents' Association requested traffic calming on both McGill Street and Granby Street associated with the development at 412-418 Church Street. I requested Transportation Service staff to review, and they have determined both McGill Street and Granby Street are eligible for speed humps.

**RECOMMENDATION**

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (speed humps) on McGill Street, between Sheard Street and Church Street.
2. Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter the roadway on McGill Street, between Sheard Street and Church Street, to install four speed humps, generally as shown on the attached Drawing No. TC-352 dated September 2024 from the Director, Traffic Management, Transportation Services.
