Re: Speed Hump Installation – Berryman Street

Monday, December 2, 2024

Dear Toronto and East York Community Council members:

Residents on Berryman Street are frustrated by frequent speeding on their street by cut through traffic, endangering pedestrians and cyclists. They have requested the installation of speed humps, which Transportation Services agree would be feasible.

RECOMMENDATIONS:

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (speed humps) on Berryman Street, between Davenport Road and Hazelton Avenue.
2. Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter the roadway on Berryman Street, between Davenport Road and Hazelton Avenue, to install four speed humps, generally as shown on the attached Drawing No. TC-423 dated November 2024 from the Director, Traffic Management, Transportation Services.

Attachment 1: Drawing No. TC-423 dated November 2024 from the Director, Traffic Management, Transportation Services
