RE: Traffic Calming Measures on Hector Avenue

Dear Chair and Members of Toronto and East York Community Council,

I am writing to request your support in directing Traffic Operations to install traffic calming measures on Hector Avenue, between Melita Avenue and Davenport Road. My office has received concerns over the speed that vehicles travel at when using this residential street as a cut-through, either to or from Davenport Road. The Hector Avenue community submitted an overwhelming petition in support of installing speed humps. This measure will help manage the speed that vehicles travel at on this residential street.

RECOMMENDATIONS:

1. The Toronto and East York Community Council authorize the installation of traffic calming (speed humps) on Hector Avenue, between Melita Avenue and Davenport Road.
2. The Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter the roadway for the installation of two speed humps on Hector Avenue, between Melita Avenue and Davenport Road, generally as shown on the attached Drawing No. TC-424, dated November 2024 from the Director, Traffic Management, Transportation Services.

Sincerely,

Councillor Josh Matlow
City Councillor
