Dear Councillor Bravo and members of Toronto and East York Community Council,

I am writing to you for your help in maintaining the Bloor St bike lanes .

As someone who bikes and relies on the Bloor street bike lanes to get to where I need to go, I was dismayed to learn that Transportation Services has put forward a recommendation to close the bicycle lanes on Bloor St W near Dufferin St to accommodate construction staging operations - until the end of 2024!

While construction is inevitable in a growing city like Toronto, it mustn't come at the expense of safety and mobility of our most vulnerable road users. Maintaining protected lanes for cycling is needed to make sure people on bikes can access Bloor St in a safe manner, without sharing the road with cars and trucks, or sidewalks with pedestrians.

We need to get more people to adopt active modes of transportation – but the lack of safety around construction zones deters many people from walking or biking. The Bloor St. bike lanes are a critical east-west corridor for people to safely travel across the city.

Please ensure cyclists are able to navigate construction on Bloor St. bike lanes safely.

Thank you in advance for your support and consideration!
