COMMENTS

The financial statements require the approval of the Board of Management. The audited financial statements are prepared in accordance with, and meet the standards required by, Public Sector Accounting Standard (PSAS) related to Government Not-for-Profit

Organizations (NPO's). Additionally, these statements reflect the requirements of PSAS related to accounting for post-employment benefits. The impact of the post-employment benefits expense is actuarially determined and is non-cash in nature. As such, they are not budgeted for as part of the financial planning process for Agencies, Boards, and Commissions.

The auditor's report related to the 2023 financial statements concludes that the statements present fairly the financial results of the Board of Management. Once approved by the Board, the financial statements and the report of the Auditor will be forwarded to the City Audit Committee and City Council for information.
