

Supplementary Report: Transit Priority Measures to Support Streetcar Service Diversions during King Street East and Church Street Intersection Closures

Date: April 22, 2025

To: Toronto and East York Community Council

From: Director, Traffic Management, Transportation Services

Wards: Wards 10 – Spadina-Fort York, 13 – Toronto Centre, and 14 – Toronto-Danforth

SUMMARY

At its meeting on March 26 and 27, 2025, City Council deferred consideration of item TE20.40 “Transit Priority Measures to Support Streetcar Service Diversions during King Street East and Church Street Intersection Closures” to the April 23, 24, and 25, 2025, meeting of City Council. Since the original staff report was written, staff have conducted additional consultation with the local Business Improvement Areas (BIAs) and the local Councillors. In response to feedback received, staff have revised the original proposed transit priority measures. In summary, staff are no longer proposing parking by-law amendments on York Street, Adelaide Street, and Richmond Street, and the proposed parking prohibitions on Queen Street West have been amended. Staff are recommending that City Council adopt the revised recommendations in this supplementary report.

RECOMMENDATIONS

The Director, Traffic Management, Transportation Services recommends that:

1. City Council designate the northerly eastbound lane on Queen Street East between Hamilton Street and Broadview Avenue as a reserved lane for public transit vehicles at all times, to be in effect from May 11, 2025, until regular Toronto Transit Commission streetcar service has resumed at the intersection of King Street and Church Street.
2. City Council authorize amendments to parking and traffic regulations as set out in Attachment 1 to be in effect from May 11, 2025, until regular Toronto Transit Commission streetcar service has resumed at the intersection of King Street and Church Street.

3. City Council authorize to when regular Toronto Transit Commission streetcar service has resumed at the intersection of King Street and Church Street, inclusive, restriction of permits for Curb Lane CaféTO installations during the diversion routing along the following roadway sections:

- a. South side of Queen Street East, from Hamilton Street to a point 9 metres east of Broadview Avenue.
- b. Both sides of Queen Street East, from East Don Roadway to Church Street;
- c. Both sides of Church Street from, Queen Street East to Adelaide Street East;
- d. Both sides of York Street, from Queen Street West to Adelaide Street West; and
- e. Both sides of Queen Street West, from York Street to Spadina Avenue

4. City Council delegate, authority to the General Manager, Transportation Services to amend the by-laws outlined in Recommendations 1 to 3 from May 11, 2025 to October 14, 2025, for the purposes of addressing operational and safety issues that may arise in relation to the watermain and track maintenance project. City Council authorize the General Manager to implement changes and submit directly to Council, any necessary bills for by-law amendments to the schedules, to City of Toronto Code Chapters on the streets and within the parameters as generally described in Attachment 2.

5. City Council direct the General Manager, Transportation Services, in consultation with the Chief Executive Officer, Toronto Transit Commission, to collect traffic and transit data, monitor the performance of the transit priority measures, subject to data availability.

6. City Council request the General Manager, Transportation Services, in consultation with the Toronto Transit Commission, local Business Improvement Areas, and the Toronto Parking Authority, to report back to the Toronto and East York Community Council by the fourth quarter of 2025 on the effectiveness of these changes for streetcar operations and a recommended long-term plan for parking and traffic regulations on Queen Street West and Queen Street East, from Spadina Avenue to Broadview Avenue.

FINANCIAL IMPACT

The estimated capital funding required to implement the transit priority measures is approximated to be \$60,000.00 and is funded as part of the TTC's 2023 to 2032 Capital Budget and Plan.

Transportation Services has consulted with Toronto Parking Authority (TPA), who assessed that the financial impact of lost revenue and operating expenses will be approximately \$713,000.00 for the period of May to August 2025.

DECISION HISTORY

City Council, at its meeting on March 26 and 27, 2025 deferred Item TE20.40 entitled “Transit Priority Measures to Support Streetcar Service Diversions During King Street East and Church Street Intersection Closures” to the April 23, 24, and 25, 2025, meeting of City Council.

[Agenda Item History - 2025.TE20.40](#)

Toronto East York Community Council, at its meeting on February 20, 2025 forwarded Item TE20.40 entitled “Transit Priority Measures to Support Streetcar Service Diversions During King Street East and Church Street Intersection Closures” to the March 26 and 27, 2025, meeting of City Council without recommendations.

COMMENTS

Based on feedback from the local BIAs and the local Councillors, the following changes have been made to the proposed Transit Priority Measures since the original report for TE20.40 was submitted on February 3, 2025:

- **Reserved Turning Lane at Queen Street East and Broadview Avenue:** In consultation with the Ward Councillor, additional measures will be implemented to inform motorists of the new eastbound left-turn restriction amendment at the subject intersection. Electronic and static signage will be installed upstream of the Queen Street East at Broadview Avenue intersection in advance of the commencement date.
- **Parking Restrictions on Queen Street West:** Consultation with the Queen West BIA has resulted in changes to the proposed on-street parking removals. Along Queen Street West, from McCaul Avenue to Spadina Avenue, the time-of-day parking removals were amended to prohibit stopping from 7:00 a.m. to 11:00 a.m. and 2:00 p.m. to 7:00 p.m., Monday to Friday.
- **Parking, Stopping and Loading Restrictions on Richmond Street, Adelaide Street, and York Street:** Consultation with the Financial District BIA and other stakeholders highlighted the operational challenges that different businesses and offices in the area would face with any changes to the curbside use. As a result, parking by-law amendments are no longer being proposed due to these concerns, however operations on Richmond Street, Adelaide Street and York Street will be monitored throughout the project. In addition to maintaining the curbside parking operations, the stakeholders proposed restricting eastbound left-turns on Adelaide Street at York Street, Bay Street and Yonge Street, in

order to improve traffic flow during the TTC bus diversions. Based on our analysis, the displaced eastbound left-turn movements would be redirected to Church Street, which would result in excessive queuing and delays. It should be noted that restricting eastbound left-turns at Church Street or any intersections downstream would continue to shift the issue and may result in high levels of non-compliance. Therefore, it is not feasible to restrict left-turns. To improve the traffic flow through the Adelaide Street corridor, Traffic Agents will be deployed at critical intersections, with parking enforcement managing the curbside activity, as noted in the below statement.

- **Active Traffic Management and Enforcement:** In addition to Traffic Agents, increased parking enforcement will be deployed at critical locations along the streetcar and bus diversion routes to limit illegal curbside activity blocking active traffic lanes.
- **Prohibited Turn Amendment at King Street West and Portland Street:** The 511B Bathurst replacement bus will be rerouted during the extent of the King Street East and Church Street intersection closures to make Wolseley Loop available for use by the 504 King replacement bus. The 511B Bathurst replacement bus will instead loop around using King Street West and Portland Street, requiring the existing eastbound left-turn prohibition at the intersection of King Street West and Portland Street to be amended to provide an exception for TTC vehicles.
- **Update to End Date of Recommendations 1, 2, and 3:** Recommendations 1, 2, and 3 have been revised to be in effect until streetcar service has resumed at the intersection of King Street East and Church Street. The date previously specified in the original report is related to the period of delegated authority outlined in Recommendation 4. The approximate end date of construction is August 2025 with streetcar service resuming subsequently.

Next Steps

The target schedule for the key milestones is in the following table.

Milestone	Target Date
Consultation with Councillors, local businesses, and public	December 2024 – On-going
Council Approval	April 2025
Finalize Transit Priority Measures	April 2025
Implementation of Transit Priority Measures	May 2025
Restore existing roadway conditions (subject to review)	August 2025 or re-opening of King-Church intersection to streetcars
