

2025.EX21.7 Municipal Diversity Plan for Appointments to the Toronto Police Service Board

Political Correctness has Trumped Good Judgement.

You hire a plumber to fix your plumbing.

With this motion you insult the professionals and taint the democratic process

The people of Toronto will suffer for such a poor decision.

No culture has suffered in Toronto because there are too many professionals appointed to our Boards.

Giving in to such preferential treatment will breed suspicion and contempt for the very culture that demands it.

Is an open and honest process not part of the present Administration's modus operandi?

**EVERYONE HAS THE RIGHT TO BE STUPID,
BUT SOMEONE HAS REALLY ABUSED THAT
PRIVILEGE!!!**
