Dear Mayor and Councillors,

I am writing to express strong opposition to the Neighbourhood Retail and Services (NRS) proposal.

For the first time in 70 years, this initiative would allow retail and service businesses — including bars, cannabis shops, restaurants, and take-out or delivery-based businesses, with patios—to operate out of residential homes without community consultation or approval. It would also give landlords the ability to evict tenants to convert homes into commercial space.

Toronto residents have been clear. A city-wide survey by the Coalition of Toronto Residents' Associations (COTRA) found overwhelming opposition to the blanket rezoning called for by this NRS proposal.

I stand with the COTRA in asking Council to:

- Remove Neighbourhood Interiors from the proposal and stop proposing these changes.
- On Major Streets, approve only a targeted needs-based rezoning of select areas Major Streets, in consultation with ward Councillors and residents' associations, to determine where new businesses are appropriate and genuinely needed.
- Support and strengthen existing Main Streets and local commercial areas that already serve communities well.
