RE: Chair's Report - Toronto Accessibility Advisory Committee: October 24, 2025

● **Community Organization Feature: SMILE Canada - Support Services**

Our city is fortunate to be home to countless organizations committed to building a more inclusive and supportive community. While we are currently within the month of Islamic heritage, in today's TAAC meeting, we're pleased to welcome a very special group that exemplifies spirit; SMILE Canada. This impactful organization works timelessly to empower children and youth with disabilities and their families particularly within racialized and newcomer communities.

I've invited Rwan Muzamil, an incredible individual from SMILE Canada who will share insights into the organization's mission, their ongoing initiatives, and the meaningful change they're fostering every day.

Kind Regards,

Jamaal Myers

City Councillor
