RE: Chair's Report - Toronto Accessibility Advisory Committee: December 11, 2025

● **Community Organization Feature: Deaf Muslims of Canada**

Our city is fortunate to have a wide range of organizations working every day to build a more inclusive, accessible and compassionate community. I am pleased to highlight one of these groups during our TAAC meeting: Deaf Muslims of Canada.

This organization stands out for its commitment to ensuring that Deaf Muslims across the country have access to resources, representation and spaces that truly reflect their identities and needs. Their work goes far beyond advocacy; they help create opportunities for connection, understanding and meaningful participation within both the broader Muslim community and the Deaf community.

We're honoured to welcome two remarkable guests, Azad Najfi and Nahed Dajjani, whose leadership and dedication are central to the organization's mission. Their presence gives us a valuable opportunity to learn, reflect and better understand how we, as a community and committee, can support more inclusive pathways for all.

Kind Regards,

Jamaal Myers
