Title: Sociable Academy and Summit Post-conference Report

Recommendation

Councillor Paul Ainslie recommends that:

1. City Council receive the item for information.

Summary

As the City of Toronto's designated "Night Economy Champion", I attended the Sociable Academy and Summit in Sacramento, California from May 7 - 9, 2025

THE SOCIALE CITY SUMMIT is considered the premier in-person event for learning about **social economy management**. This annual networking event is described as a unique opportunity to connect with a broad network of leaders advancing innovation in multiple fields—law enforcement, business district management, city planning and economic development, nighttime venue operations, and more.

Organizers said there is no other event which brings together such diverse perspectives on how to create safe, vibrant daylife and nightlife in a city.

Join in sharing tools and promising practices including:

1. **Innovation:** Thought leaders share insights in short introductory talks followed with more in-depth workshops.
2. **Sacramento Showcase:** The evolution of the Golden 1 Center and its impact on downtown and social economy.
3. **California Showcase:** Collaborative advocacy to reform alcohol licensing to meet the demand of development and music.
4. **Breakouts:** Technical seminars and case studies.
5. **Trendspotting:** Facilitated discussions and brainstorming on a key topic.
6. **Mobile Workshops:** Interactive learning experiences in Sacramento.
