Councillor Alejandra Bravo,
Chair, Economic and Community Development Committee,
Toronto City Hall

Bloor St Viaduct Bridge Rehabilitation Work – Safety Measures needed

Dear Chair and Members of the Economic and Community Development Committee,

As you know last month this Committee approved a motion for Economic Development and Culture to review the lighting on the Luminous Veil to ensure that it functions properly and all sets of lights are operational.

This report will come to the September 16th meeting of ECDC.

Transportation Services is also currently planning bridge rehabilitation work for the Bloor Viaduct. While there are no changes planned for the Luminous Veil, it would be helpful to understand that it is also functioning as planned from a safety point of view. I am sure that Transportation Services can assist in this review.

I would ask the Committee to request the:

1. General Manager of Economic Development and Culture to include in his September 16th report to ECDC if there are any known issues regarding the functioning of the Luminous Veil as a suicide prevention barrier.

Sincerely,

Paula Fletcher
City Councillor
Ward 14, Toronto-Danforth
