Summary

At its meeting on September 3, 2025, the Confronting Anti-Black Racism Advisory Committee considered item [CR7.3](#) and made recommendations to Economic and Community Development Committee.

Summary from the Letter (May 27, 2025) from Walied Khogali Ali

The Ombudsman Toronto report (Item [CC30.3](#), May 22, 2025) underscores gaps in tenant protection in multi-tenant homes, disproportionately affecting Black, Indigenous, and racialized residents. Disaggregated race-based data collection is essential for identifying systemic barriers and informing equitable housing policy. CABRAC has a mandate to advance data-driven approaches that address anti-Black racism.
