The Heathwood Ratepayers Association supports Councillor Jamaal Myers proposal below on April 14, 2025 agenda.

**EX22.8 - Community Parking at Terminus Transit Stations at Sheppard-McCowan Station**

This is the EAST end of the Bloor subway line and we expect commuters to reach the new station with cars. The parking at Canadian Tire and Marks Warehouse will be targeted by these users to the detriment of their businesses.

A plan should be studied to deal with this important issue.

Respectfully,  
Denis Lanoue  
President Heathwood Ratepayers Association
