Ensuring Transparency and Accountability in the Mayor's Office

There is a social contract between our elected Council and the promise made to the people must be honoured. Olivia Chow, Mayor of Toronto, and her Council supporters swore an oath to maintain this contract.

When someone such as Olivia Chow, Mayor of Toronto, conceals her intentions and limits observation of her ulterior motives to a bunch of sycophants and refuses transparency to others she puts herself and her Council supporters in a state of war with the people who then are absolved of any further obedience to her regime.

During the regime of Olivia Chow, Mayor of Toronto, it has been common practice to corrupt the democratic process (*) that she may conceal her biased intentions with the support of like-minded dilettantes who profess a desire for a clean democratic process but act in opposition to it.

You only get one chance to give a good impression and Olivia Chow, Mayor, has simply used that chance to reveal her true self assuming no one is watching.

() 13 December, 2023 stands out as just one example of springing controversial motions on Council, refusing public consultation, not even elected Members of Council were allowed to see what she was up to!*

Confronting the Legacy of the Transatlantic Slave Trade: Renaming Civic Assets Bearing the Henry Dundas Name - by Councillor Chris Moise, seconded by Mayor Olivia Chow)

Sadly some weaklings on our City Council, knowing it was wrong to support this abuse, held their noses and gave in to pressure applied.
