To the City Clerk:

Please add my comments to the agenda for the November 4, 2025 Executive Committee meeting on item 2025.EX27.6, Reimagining Weston Lions Arena through a Nominal Lease with MLSE LaunchPad

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

Comments: We are a group of hockey players who have been playing at this rink since 1979. Many players in our league are Weston area residence and alongside us, more than a thousand skaters depend on this facility every week.

We strongly oppose the proposed development and the City of Toronto's decision to demolish an existing ice surface when there is already a shortage of available ice across the city.

Equally concerning is the manner in which this process has unfolded — without meaningful community consultation or transparent dialogue with those who rely on this rink.

We urge the City to terminate its discussions with MLSE regarding this proposal and to ensure that this historic ice surface remains available to the community that has supported and sustained it for decades.

If this is not possible, we respectfully request that all participants of the Weston Lions Hockey programs be provided with a suitable and comparable ice surface to continue their activities without disruption.

Any assistance you can provide toward our objectives and any feedback you can offer to us, are greatly appreciated.

Sincerely,
Paul Nagy
Co-President, CMS Hockey League
