

Dear Chair and Members of the Executive Committee,

I'm writing to express my strong support for the proposed mansion tax currently before City Council. The richest 0.5% of all Torontonians, those purchasing properties valued at \$3 million or more, can afford to pay their fair share to help fund the services our city relies on.

Revenue from this measure would support programs that make life more affordable for everyone, including:

- Protecting and expanding affordable housing
- Preventing transit fare increases and improving TTC service
- Providing school meals for children
- Keeping libraries open on Sundays

A mansion tax is expected to generate over \$150 million in new revenue—equivalent to a 3% property tax increase on all other homeowners. Asking the wealthiest buyers to contribute a bit more will ease financial pressure on the rest of us and make Toronto a more equitable, liveable city.

I urge you to vote in favour of the mansion tax. It is a measure that impacts only the top 0.5% of Torontonians and the top 2% of property buyers, while benefiting the entire city.

Sincerely,

Aaron McCullagh
