To the City Clerk:

Please add my comments to the agenda for the June 11, 2025 Infrastructure and Environment Committee meeting on item 2025.IE22.14, Consistent Bike Lane Use Rules

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

Comments:

We strongly encourage the city to allow e-scooters to use mobility lanes in the city of Toronto...by not allowing private kick e-scooters in these lanes there is a higher demand for larger non-pedaled moped style e-bikes in the city and specifically in these lanes.

Especially for those who are unable to ride pedaled bikes due to heart, lung, joint and other injuries or Issues that prevent pedalled cycling they may be the only choice, and for some they may have to choose to break a dumb law to get around without a car.

It's time to allow e-scooter use in Toronto...
