RE: Weston Loop Master Plan

Dear Chair and Committee Members:

I am writing to you as a proud member of the Weston Loop Stakeholder Advisory Group. As you may be aware, we have been working with community stakeholders, city staff, and professional design architects to develop the Weston Loop Master Plan. This ambitious plan presents a unique opportunity to connect over 4.4 km of park space located along the Humber River in Weston. Having been involved since its inception, I have truly come to appreciate the unique nature of this project, not only for its ambitious scale and far-reaching positive impact but also for its unique and groundbreaking funding approach. An approach, if adopted, could provide a road map for other wards throughout the City. For these reasons I strongly urge this committee to support the Weston Loop Master Plan and furthermore urge the adoption of this plan by City Council.

Best Regards,

Tarek Sobhi, President
