Letter of Support - Weston Loop

Dear Chair,

The Weston Village Business Improvement Area (WVBIA) fully supports the Weston Loop draft master plan.

The WVBIA represents more than 250 property and business owners in the Weston Village in a catchment area that is a stone's throw from Weston Lions park and the trails that link the 5 parks running along the Humber River valley of Weston.

It is the view of the WVBIA that the Weston Loop will dramatically improve accessibility for all to the 74 acres of green spaces which for an integral part of the quality of life for our Village and are essential to the soft infrastructure of Weston. The WVBIA members both work and live in Weston and as such support and have a strong affinity for the Weston Loop park system. We also participated actively in the Weston Loop charette and public engagement which was extremely comprehensive. We understand that multiple engagement initiatives captured the voices and support of the demographics of Weston including the business community that provides the commercial enterprises of Weston Road.

It is the view of the WVBIA that the Weston Loop master plan will make a significant contribution to the revitalization of our economic and social ecosystem, and we look forward to continuing our support going forward.

Best regards,

WVBIA
