Subject: [External Sender] My comments for 2025.IE26.14 on December 4, 2025 Infrastructure and Environment Committee
Date: November 30, 2025 4:19:02 PM

To the City Clerk: Please add my comments to the agenda for the December 4, 2025 Infrastructure and Environment Committee meeting on item 2025.IE26.14, Electricity and Toronto's Climate Commitments. I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google. Comments:

I am writing on behalf of over 500 seniors who are members of Climate Action for Lifelong Learners (CALL). We fully support Councillor Saxe's recommendations that stand up for what is urgently needed for Toronto to take leadership on climate mitigation and adaptation. We need bold action for future generations and we need it now. The failure of COP 30, the back-peddling of the Government of Canada and the Ontario Government's continued climate denial policies can be mitigated with strong municipal leadership. Let's do it and do it now, please implement these sensible recommendations.
