RE: IE26.6 - Support A Safer Kingston Road as City staff are recommending!

City of Toronto Infrastructure and Environment Committee City Clerk,

Please vote in favour of A Safer Kingston Road exactly as City staff are recommending.

It has been years of delay but now City staff have a great plan to make Kingston Rd in Scarborough a safer, more vibrant road for all of us, instead of the dangerous highway it used to be.

These improvements are important for everyone — drivers, pedestrians, cyclists, transit riders. Removing any of the safety improvements for pedestrians would be a disaster. So many of our neighbours are killed or seriously injured in collisions while walking on Kingston Rd. It would be a huge mistake to just add bike lanes while not making safety improvements for pedestrians.

Please support City staff's report for A Safer Kingston Rd so that pedestrians, including children walking to school, are also safer on Kingston Rd — otherwise, it's still a dangerous highway cutting our Scarborough community in half.

Thank you.
