Subject: Letter of Support for Item - 2025.MM30.1 - Authorization to Release Section 37 Funds to Support Non-Profit Affordable Rental Housing Property Acquisition

Dear Toronto City Council,

The Kensington Market Action Committee (KMAC) would like to provide our support for Item 2025.MM30.1, titled "Authorization to Release Section 37 Funds to Support Non-Profit Affordable Rental Housing Property Acquisition." This is a motion by Councillor Dianne Saxe, seconded by Councillor Paula Fletcher.

Founded in 1997, KMAC is a volunteer-driven community group, a general purpose neighbourhood organization looking out for the interests of both residents and businesses in Kensington Market. KMAC has spoken with the Kensington Market Community Land Trust (KMCLT) and we are in support of this Council motion to provide them with funding for securing more long term affordable housing in our community.

Please reach out at our email below should you have any questions or concerns.

Thank you,

Board, Kensington Market Action Committee (KMAC)
