**Re: Letter of Support for Item - 2025.MM30.1 - "Authorization to Release
Section 37 Funds to Support Non-Profit Affordable Rental Housing
Property Acquisition"**

Dear Toronto City Council,

St. Clare's Multifaith Housing Society is pleased to provide our support for Item - 2025.MM30.1, which is "Authorization to Release Section 37 Funds to Support Non-Profit Affordable Rental Housing Property Acquisition" by Councillor Dianne Saxe and seconded by Councillor Paula Fletcher.

As an organization that operates affordable housing in Kensington Market (with our buildings located at 25 Leonard Avenue), we have been longtime supporters of the Kensington Market Community Land Trust. As a growing, community-led organization, we believe that the KMCLT is well-suited to receive these section 37 funds and to continue to grow their portfolio of community-owned, affordable housing.

We look forward to seeing more community-owned housing in Kensington Market and for our two organizations to continue to work closely together.

Sincerely,

Andrea Adams
Executive Director
