Amend Speed Limit from 50km/h to 40km/h- Avonwick Gate from Rustywood Drive to Beveridge Drive

Dear Mr. Green,

Avonwick Gate is a local road in the Parkwoods area of Ward 16 where the speed limits are inconsistent. A section of the road from Cassandra Boulevard to Rustywood Drive is 40km/h, while the remaining stretch from Rustywood Drive to Beveridge Drive/ Mission Drive is 50km/h.

Several residents have approached me requesting the speed limit become consistent for the whole road, making all of Avonwick Gate 40 km/h. Reasons for implementing a speed change include:

- The desire to reduce vehicle operating speed and improve pedestrian safety.
- The need for a consistent posted speed limit in proximity of Annunciation Catholic School located at 65 Avonwick Gate, where the current speed limit is currently 40km/h.

Recommendation:

1. North York Community Council amend the existing 40 km/h speed limit on Avonwick Gate, between Cassandra Boulevard and Rustywood Drive, to be in effect between Cassandra Boulevard and Beveridge Drive/Mission Drive.

Sincerely,

Jon Burnside
Ward 16, Don Valley East
