Rental Housing Demolition Application Number: 22 193302 NNY 18 RH

Related Planning Application Number: 22 193284 NNY 18 OZ

SUMMARY

This report recommends approval of a Rental Housing Demolition application which proposes to demolish a three-storey apartment building containing 17 rental dwelling units located at 11 Churchill Avenue. The 17 rental units are proposed to be replaced as part of the new development on the site. The proposal includes a Tenant Assistance Plan that addresses the right of existing tenants to return to replacement rental units at similar rents and provides financial compensation to mitigate hardship.

The properties at 5318-5324 Yonge Street and 11 Churchill Avenue are the subject of a Zoning By-law Amendment application (22 193284 NNY 18 OZ), which was appealed to the Ontario Land Tribunal (OLT). The OLT issued a written decision on September 25, 2024, approving a Council-endorsed settlement on the Zoning Bylaw Amendment for a 45- and 33-storey mixed-used building with 963 dwelling units, with the final Order being withheld until all outstanding matters, including the necessary agreements with the City and rental housing matters, are secured.

This report also recommends approval of the Residential Demolition Permit under Chapter 363 of the Toronto Municipal Code, subject to conditions.

On September 25, 2024, the OLT issued a Decision and Interim Order approving in principle the Zoning By-law Amendment for 5318-5324 Yonge Street and 11 Churchill Avenue, subject to conditions.

THE SITE

Description

The site is located at the southwest corner of Yonge Street and Churchill Avenue. The generally "L" shaped site is 4,220 square metres in size, with frontage on Yonge Street, Churchill Avenue, and Canterbury Place (see Attachment 1: Location Map). Existing uses include two-storey commercial buildings fronting Yonge Street and a three-storey apartment building fronting Churchill Avenue.

Existing Rental Housing

The three-storey apartment building at 11 Churchill Avenue currently contains a total of 17 rental dwelling units. At the time of this report, 12 units are occupied and 5 are vacant. The breakdown by unit type and rent classification of the building at the time of application is outlined in Table 1 below.

Table 1: Existing Rental Dwelling Units and Rent Classifications

	Affordable	Mid-range (affordable)	Mid-range (moderate)	Total
One-bedroom	0	8	7	15
Two-bedroom	1	0	1	2
Total	1	8	8	17

THE APPLICATION

Description

The Rental Housing Demolition application proposes the demolition of 17 rental dwelling units within the existing buildings at 11 Churchill Avenue. The OLT-approved Zoning By-law Amendment application would permit the development of a 45- and 33-storey mixed-used building with 963 residential units (including 17 replacement rental units).

Replacement Rental Units

The total gross floor area of the 17 replacement rental units is 897 square metres, which is 100% of the gross floor area of the existing rental units proposed to be demolished.

The proposed replacement rental units will have the same unit type and rent classification as the existing rental dwelling units, as outlined in Table 1 above.

Tenant Assistance Plan

A Tenant Assistance Plan that addresses tenants' right to return to a replacement unit and assistance to lessen hardship will be provided to all eligible tenants residing in the

existing rental dwelling units. Tenant assistance is provided to tenants upon move out after they receive a formal eviction notice.

All tenants, regardless of when they moved in, will receive the following:

- at least six months' notice before having to vacate their existing dwelling unit;
- compensation equal to three months' rent, pursuant to the Residential Tenancies Act (RTA); and
- additional compensation for tenants with special needs, as determined by the Chief Planner.

Eligible tenants—those tenants who moved in prior the Rental Housing Demolition application being submitted—will receive the following additional assistance:

- the right to return to a rental replacement unit of the same type, at similar rent;
- rent gap assistance to assist tenants in paying market rents for the period between when they move out and can return, estimated at 36 months;
- additional rent gap assistance if tenants cannot return as scheduled;
- move-out and move-back moving allowances; and
- services of a rental leasing agent to help tenants find and apply to suitable interim housing.

Reasons for Application

This application to redevelop the subject site involves the demolition of rental housing. Since the development site contains six or more residential units, of which at least one unit is rental housing, an application is required under Chapter 667 of the City's Municipal Code, the Rental Housing Demolition and Conversion By-law. The By-law requires that an applicant obtain a permit from the City allowing the demolition of the existing rental housing units. The City may impose conditions that must be satisfied before a demolition permit is issued.

A Rental Housing Demolition application was submitted on August 19, 2022. Staff conducted a site visit on November 17, 2022, and a Tenant Meeting on October 1, 2025, details of which are summarized in the Public Engagement section of this report.

The related rezoning application (22 193284 NNY 18 OZ) was submitted on August 19, 2022. The related Site Plan application was submitted on August 19, 2022.

POLICY AND REGULATION CONSIDERATIONS

Provincial Land-Use Policies

All decisions of Council in respect of the exercise of any authority that affects a planning matter shall be consistent with the Provincial Planning Statement (2024), and shall conform to provincial plans.

Official Plan

The Official Plan outlines the City's policies and objectives for land use planning and development. Section 3.2.1 of the Official Plan contains the City's policies pertaining to the provision, maintenance and replacement of housing.

Policy 3.2.1.6 requires that new development that would result in the loss of six or more rental dwelling units replace at least the same number, size and type of rental units as exist on the site and maintain rents similar to those in effect at the time of application. The policy also requires the applicant to develop an acceptable tenant assistance plan, addressing the right to return to the replacement units at similar rents and other assistance to lessen hardship.

The City's [Rental Housing Demolition and Replacement Handbook](#) outlines how Policy 3.2.1.6 is typically implemented.

PUBLIC ENGAGEMENT

Tenant Meeting

An in-person meeting was held on October 1, 2025, to review the City's housing policies, the impact of the proposed demolition on existing tenants, and the proposed Tenant Assistance Plan. The meeting was attended by 14 tenants, representatives of the applicant, City Planning and Development Review staff, and the local councillor and their staff.

Tenants asked questions and expressed concerns about:

- Construction timeline and when tenants will be required to vacate their existing rental units;
- The proposed replacement rental unit sizes;
- Access to parking in the new building;
- The process for returning to replacement units and the future rents of the replacement units;
- Seniority and the process for selecting and returning to a replacement rental unit;
- What financial compensation would be provided under the City-approved Tenant Assistance Plan and how it would be administered to tenants; and
- Whether the City has contingencies in place for construction delays.

COMMENTS

Provincial Planning Statement and Provincial Plans

Staff's review of this application has had regard for the relevant matters of provincial interest set out in the Planning Act. Staff has reviewed the current proposal for consistency with the PPS (2024). Staff find the proposal consistent with the PPS (2024).

Replacement Rental Housing

Staff are satisfied with the proposed approach to replacing the rental dwelling units proposed to be demolished, which includes replacement of all 17 existing rental dwelling units by their respective bedroom type, and affordability classification. Replacement units are located on levels 3 and 4 of the podium. The average size by unit type of replacement units is the same as the average size of existing units by unit type.

The replacement rental units will be provided with ensuite laundry facilities and central air conditioning, which represents an improvement over the existing rental housing units. Tenants of the replacement rental units will also have access to bicycle parking, visitor parking, and all indoor and outdoor amenities, on the same terms and conditions as any other resident of the building.

The applicant has agreed to provide at least 5 parking spaces for the tenants of the replacement rental units. Returning tenants who currently rent a vehicle parking space in the existing building will be offered a parking space at a similar monthly rate to what they are currently paying.

The replacement units will be maintained as rental housing for at least 20 years, beginning on the date the replacement rental units are first occupied, and tenants that occupy one of the replacement rental units during the initial 10-year period will have rents that will only increase by the annual provincial guideline until their tenancies end, irrespective of whether the Guideline applies to the proposed development under the RTA.

The replacement rental units and associated conditions address the replacement requirements of Official Plan policy 3.2.1.6 and are consistent with the City's implementation approach as outlined in the Rental Housing Demolition and Replacement Handbook.

Tenant Assistance Plan

The Tenant Assistance Plan is consistent with the City's current practices as outlined in the [Rental Housing Demolition and Replacement Handbook](#). The Tenant Assistance Plan will support tenants to access and afford suitable housing within the neighbourhood until the new building and replacement rental units are available for occupancy.

The rental replacement matters and tenant assistance plan will be secured through an agreement pursuant to Section 111 of the City of Toronto Act, 2006, to the satisfaction of the Chief Planner and Executive Director, City Planning.
