Toronto, ON M2N 5V7

RE: King High Avenue - Traffic Calming (Speed Humps)

Summary:

Residents on King High Avenue continue to experience issues with reckless speeding. High traffic volumes and vehicle speeds have created safety concerns for the community. This motion seeks authorization for Transportation Services to install speed humps along the corridor, as an additional traffic calming measure, to deter such behaviour and ensure that motorists maintain safe speeds while traveling through the neighbourhood.

Recommendation:

1. North York Community Council authorize the installation of traffic calming (3 speed humps) on King High Avenue, between Wilson Avenue and Robbie Avenue, generally as shown on the attached Drawing No. TC-487, dated November 2025 from the Director, Enforcement and Street Management, Transportation Services.

Thank you for your consideration.
Sincerely,

Councillor James Pasternak

Toronto - Ward 6, York Centre - Downsview
