SCHEDULE "A"

REASONS FOR DESIGNATION

5951 Steeles Avenue East: William Stonehouse House

Description

The property at 5951 Steeles Avenue East is worthy of designation under Part IV of the *Ontario Heritage Act* for its cultural heritage value or interest, and meets the criteria for municipal designation prescribed by the Province of Ontario under the categories of design or physical value and contextual value. Located on the south side of Steeles Avenue East between Middlefield Road and Markham Road, the William Stonehouse House was first recorded in the 1861 Census. Because of the lack of historical records, the exact construction date has not been determined, but it is possible that it appeared in the late 1840s when William Stonehouse married and began a long-term occupancy of the site. The property is included on the City of Toronto Inventory of Heritage Properties.

Statement of Cultural Heritage Value

The cultural heritage value of the William Stonehouse House is related to its design or physical value as a representative example of a Regency Cottage in Scarborough. Recalling British Colonial buildings in India and China, the style was popularized in Upper Canada in the 1830s and afterward, and characterized by its diminutive size, low profile and hipped roof.

The William Stonehouse House also has cultural heritage value for its contextual value as it assists in maintaining the character of Steeles Avenue East where it contributes to a group of recognized heritage buildings. The Hood-Gough House (Devonsleigh Place) at #4125, the Clark-Reesor House at #6601 and the Christian Reesor House at #8327 are designated under Part IV of the *Ontario Heritage Act*, while the Demond-Ingleton House at #6351, the Menno-Reesor House at #6461, the Hamill House at #6545, the Noah Reesor Farm at #7501, the two Flavius Reesor Houses at #7937 and #7959, and the McCreight House at #8009 are recognized on the City of Toronto Inventory of Heritage Properties.

Heritage Attributes

The heritage attributes of the William Stonehouse House that relate to its cultural heritage value as a representative example of a Regency Cottage are found on the exterior walls and

- The placement and detailing of the fenestration on the side walls (east and west), with a three-part bay window on the west elevation; and
- The enclosed porch is not included in the Reasons for Designation.
