

## ***Expression of Condolence for Christina Huang by Toronto City Council***

**Moved by: Councillor Jamaal Myers**

**Seconded by: Councillor Chris Moise**

Toronto City Council is deeply saddened to learn of the tragic passing of Christina Huang on March 26, 2025, at the age of 15.

Christina was a student at Albert Campbell Collegiate Institute, where she was known for her kindness, warmth, and dedication to her studies. She was a bright, compassionate young person with a promising future, loved deeply by her family, friends, and teachers.

Christina will be deeply missed by her parents and two younger brothers who live abroad and were proud of her resilience and dedication to move to Toronto for her studies. Her parents were especially happy every time they spoke to her that she was excited and doing well in her studies. She will also be missed by her cousin who attended school with her as well as her friends, classmates, and teachers at Albert Campbell Collegiate Institute.

As an international student, she worked exceptionally hard to become involved in the school community and improve her English skills. Despite her limited English skills when she first joined the school, she quickly made friends with students of various backgrounds and languages. She also had a keen interest in art and joined some of the school art groups where she furthered her art and English skills.

Christina's loss has been profoundly felt by all who knew her, and it reminds us of the urgent work needed to ensure our streets are safe for everyone—especially children and youth. Christina's memory must guide our collective efforts to build a city where safety, compassion, and care are at the center of everything we do.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our sincere sympathy to Christina's family.
