

***Expression of Condolence for Vito Farella
by Toronto City Council***

Moved by: Deputy Mayor Ausma Malik

Seconded by: Mayor Olivia Chow

The Mayor and Members of Toronto City Council are deeply saddened to learn of the passing of Vito Farella in August.

Vito was the Supervisor of Print Production at the City's printing facilities, first at 90 Niagara Street and, since 2010, at 2 Hobson Avenue, where he was happy to provide tours to anyone interested in learning more about offset printing. Over his remarkable 35-year career with the City, Vito and his team printed materials for countless City staff and Divisions, and supported many Members of Council over many terms. His dedication, professionalism, and warm presence left a lasting impression on all who worked with him. His ability to provide exceptional customer service meant he always made time to answer questions and always found a way to get the product printed on time and make the customer happy.

City Council joins the City Clerk's Office in grieving Vito's passing deeply. He was a valued colleague and a cherished member of the City Clerk's Office team, and he will be profoundly missed.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our sincere sympathy to Vito's family and all those whose lives he touched.
