**Re: Traffic Calming – Speed Humps – Fishleigh Drive, between Glen Everest Road and Midland Avenue**

February 7, 2025

Dear Chair and Members,

**BACKGROUND:**

This proposed motion is intended to address safety concerns of all road users, especially children, seniors, pedestrians, and cyclists residing on Fishleigh Drive. The residents of this area are facing a significant increased volume of traffic and associated speeding. Increased congestion of roads in the area resulting from increased construction and development work is adding pressure to the existing road. Based on data, we were able to understand that residents are overwhelmingly in support of traffic calming measures on Fishleigh Drive. Speed humps will improve safety and the quality of life for residents by allowing vehicles to travel at slower speeds. The following recommendations serve as an important tool to improve safety for community members.

**RECOMMENDATION:**

It is recommended that:

1. Scarborough Community Council authorize the installation of traffic calming (speed humps) on Fishleigh Drive, between Glen Everest Road and Midland Avenue.
2. Scarborough Community Council direct the City Solicitor to prepare a by-law to alter the roadway to install thirteen speed humps on Fishleigh Drive, between Glen Everest Road and Midland Avenue., generally as shown on the attached Drawings No. TC-446, and TC-447, dated January 2025 from the Director, Traffic Management, Transportation Services.

Sincerely,

Parthi Kandavel  
Toronto City Councillor, Ward 20, Scarborough Southwest

Sincerely,

**Parthi Kandavel**  
City Councillor, Ward 20 - Scarborough Southwest
