Re: Speed Hump Installation – Niagara Street between King Street West and Adelaide Street West

Dear Toronto and East York Community Council members:

SUMMARY

My office has heard concerns from local residents regarding road safety and speeding in the Niagara neighbourhood, especially within the vicinity of Niagara Public School. This motion aims to address this speeding and improve safety for local families and residents.

RECOMMENDATIONS:

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (speed humps) on Niagara Street, between King Street West and Adelaide Street West.
2. Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter the roadway on Niagara Street, between King Street West and Adelaide Street West, to install two speed humps, generally as shown on the attached Drawing No. TC-378 dated October 2024 from the Director, Traffic Management, Transportation Services.

Sincerely,

Ausma Malik
Deputy Mayor
City Councillor, Ward 10, Spadina-Fort York
