To: Toronto and East York Community Council
From: Director, Traffic Management, Transportation Services
Re: Borden Street, between Bloor Street West and Harbord Street - Traffic Calming Request
Wards: Ward 11, University-Rosedale

Transportation Services has been requested by the Ward 11 Councillor to provide wording for recommendations they plan to present to the June 5, 2025 Toronto and East York Community Council in lieu of a staff report. Staff request that this memorandum accompany the Councillor's letter.

Summary

- Staff **support** the draft recommendations provided below
- Staff **do not support** the draft recommendations provided below
- Staff do not have sufficient data and/or time to determine if the draft recommendations provided below can be supported by staff, at this time

Draft Recommendations

1. *Toronto and East York Community Council authorize the installation of speed humps on Borden Street, between Bloor Street West and Harbord Street.*
2. *Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter the roadway for the installation of 6 speed humps on Borden Street, between Bloor Street West and Harbord Street, generally as shown on Attachment, Drawing TC-497 dated April 2025, attached to the report entitled "Traffic Calming (Speed Humps) - Borden Street" from the Director, Traffic Management, Transportation Services.*

Motorist speed and volume data was not collected, and staff have not evaluated the installation of traffic calming measures (speed humps) on this roadway.

Financial Impact

Staff have not been able to develop engineering estimates for this work but based on previous experience and similar work in the past, we expect the costs associated with approving the draft recommendations below will be approximately \$24,000.00. As this this

work was not anticipated, it has not been specifically included in any approved budgets. Completion of the work would be subject to availability and competing priorities within future Capital Budgets, unless a specific funding source is identified by the Councillor and approved by Toronto and East York Community Council.
