RE: Installation of Speed Bumps in the Public Laneway South of Corby Avenue and West of Caledonia Road

Dear Chair and Members of Toronto and East York Community Council,

The public laneway south of Corby Avenue and west of Caledonia Road is frequently used by parents and their children attending F.H. Miller Junior Public School. A school exit and the playground entrance both open on to this laneway, making this area heavily used by residents.

Residents and school staff have raised concerns over speeding vehicles using this laneway as a cut-through between Gilbert Avenue and Caledonia Avenue. Previous near misses involving speeding vehicles and students at the school highlight the urgent need for traffic safety improvements. The installation of speed bumps in this laneway will help to reduce speeding and improve safety for all residents.

RECOMMENDATIONS

It is recommended that:

1. Toronto and East York Community Council authorize the installation of speed bumps in the public lane south of Corby Avenue, west of Caledonia Road, between Gilbert Avenue and Caledonia Road, as shown on Drawing No. TC-553, dated August 2025, from the Director, Enforcement and Street Management, Transportation Services.

Sincerely,

Alejandra Bravo
City Councillor
Ward 9, Davenport
