## **Lennox Street Two - Way**

Dear Toronto and East York Community Council members:

### **SUMMARY:**

Lennox Street is currently restricted to one-way eastbound for one short block between Markham Road and Palmerston Boulevard. Markham Street at Lennox is one way northbound, although Markham Street north of Lennox is still closed for construction.

Residents in the area have requested that this portion of Lennox Street be reopened to two-way traffic, to help manage congestion at the Lennox/ Markham intersection and to avoid funnelling unnecessary vehicle traffic through the pedestrian-priority Mirvish Village retail/commercial area intended to occupy both sides of Markham Street between Bloor and Lennox.

### **RECOMMENDATIONS:**

It is recommended that:

1. Toronto and East York Community Council direct the General Manager, Transportation Services, to evaluate reopening Lennox Street to two-way traffic between Markham Street and Palmerston Boulevard, and to report back to Toronto and East York Community Council in Q1 2026.

Dianne Saxe  
City Councillor  
Ward 11, University-Rosedale
