### **SUMMARY**

---

This report recommends approval of a Rental Housing Demolition application which proposes to demolish 29 rental dwelling units located at 1291-1311 Gerrard Street East and 243-247 Greenwood Avenue. The 29 rental units are proposed to be replaced as part of the new development on the site. The proposed development on the site at 1291-1311 Gerrard Street East and 243-247 Greenwood Avenue is the subject of a related Zoning By-law Amendment application (23 140447 STE 14 OZ). The proposed development would permit a 12-storey residential building with 282 dwelling units, including 29 replacement rental units. An approval report for the Zoning By-law Amendment application has been advanced concurrently with this Rental Housing Demolition application approval report.

This report also recommends approval of the Residential Demolition Permit under Chapter 363 of the Toronto Municipal Code, subject to conditions.

## **THE APPLICATION**

---

### **Description**

The Rental Housing Demolition application proposes the demolition of 29 rental dwelling units within the existing buildings at 1291-1299, 1303 and 1307-1311 Gerrard Street East and 243-247 Greenwood Avenue. A related Zoning By-law Amendment application proposes to permit the development of a 12-storey residential building with 282 dwelling units (including 29 replacement rental units).

### **Replacement Rental Units**

The total gross floor area of the 29 replacement rental units is 1,998 square metres, which is 120% of the gross floor area of the existing rental units proposed to be demolished.

The proposed replacement rental units will have the same unit type and rent classification as the existing rental dwelling units, as outlined in Table 1 above.

### **Tenant Assistance Plan**

A Tenant Assistance Plan that addresses tenants' right to return to a replacement unit and assistance to lessen hardship will be provided to all eligible tenants residing in the existing rental dwelling units. Tenant assistance is provided to tenants upon move out after they receive a formal eviction notice.

All tenants, regardless of when they moved in, will receive the following:

- at least six months' notice before having to vacate their existing dwelling unit;
- compensation equal to three months' rent, pursuant to the Residential Tenancies Act (RTA); and
- additional compensation for tenants with special needs, as determined by the Chief Planner.

Eligible tenants—those tenants who moved in prior the Rental Housing Demolition application being submitted—will receive the following additional assistance:

- the right to return to a rental replacement unit of the same type, at similar rent;
- rent gap assistance to assist tenants in paying market rents for the period between when they move out and can return, estimated at 36 months;
- additional rent gap assistance if tenants cannot return as scheduled;
- move-out and move-back moving allowances; and
- services of a rental leasing agent to help tenants find and apply to suitable interim housing.

## Reasons for Application

This application to redevelop the subject site involves the demolition of rental housing. Since the development site contains six or more residential units, of which at least one unit is rental housing, an application is required under Chapter 667 of the City's Municipal Code, the Rental Housing Demolition and Conversion By-law. The By-law requires that an applicant obtain a permit from the City allowing the demolition of the existing rental housing units. The City may impose conditions that must be satisfied before a demolition permit is issued.

A Rental Housing Demolition application was submitted on May 4, 2023. Staff conducted a site visit on November 12, 2024, and a Tenant Meeting on October 16, 2025, details of which are summarized in the Public Engagement section of this report.

The related rezoning application (23 140447 STE 14 OZ) was submitted on May 2, 2023. The related Site Plan application was submitted on May 4, 2023.

## POLICY AND REGULATION CONSIDERATIONS

---

### Provincial Land-Use Policies

All decisions of Council in respect of the exercise of any authority that affects a planning matter shall be consistent with the Provincial Planning Statement (2024), and shall conform to provincial plans.

### Official Plan

The Official Plan outlines the City's policies and objectives for land use planning and development. Section 3.2.1 of the Official Plan contains the City's policies pertaining to the provision, maintenance and replacement of housing.

Policy 3.2.1.6 requires that new development that would result in the loss of six or more rental dwelling units replace at least the same number, size and type of rental units as exist on the site and maintain rents similar to those in effect at the time of application. The policy also requires the applicant to develop an acceptable tenant assistance plan, addressing the right to return to the replacement units at similar rents and other assistance to lessen hardship.

The City's [Rental Housing Demolition and Replacement Handbook](#) outlines how Policy 3.2.1.6 is typically implemented.

## PUBLIC ENGAGEMENT

---

### Tenant Meeting

An in-person meeting was held on October 16, 2025, to review the City's housing policies, the impact of the proposed demolition on existing tenants, and the proposed

Tenant Assistance Plan. The meeting was attended by 7 tenants, representatives of the applicant, City Planning and Development Review staff.

Tenants asked questions and expressed concerns about:

- Property maintenance and future property management;
- Construction timeline and when tenants will be required to vacate their existing rental units;
- The proposed replacement rental unit sizes and location in the new building;
- Seniority and the process for selecting and returning to a replacement rental unit;
- What financial compensation would be provided under the City-approved Tenant Assistance Plan and how it would be administered to tenants; and
- Whether the City has contingencies in place for construction delays.

## **COMMENTS**

---

### **Provincial Planning Statement and Provincial Plans**

Staff's review of this application has had regard for the relevant matters of provincial interest set out in the Planning Act. Staff has reviewed the current proposal for consistency with the PPS (2024). Staff find the proposal consistent with the PPS (2024).

### **Replacement Rental Housing**

Staff are satisfied with the proposed approach to replacing the rental dwelling units proposed to be demolished, which includes replacement of all 29 existing rental dwelling units by their respective bedroom type, and affordability classification.

The replacement rental units will be provided with ensuite laundry facilities and central air conditioning, which represents an improvement over the existing rental housing units. Tenants of the replacement rental units will also have access to bicycle parking, visitor parking, and all indoor and outdoor amenities, on the same terms and conditions as any other resident of the building.

The replacement units will be maintained as rental housing for at least 20 years, beginning on the date the replacement rental units are first occupied, and tenants that occupy one of the replacement rental units during the initial 10-year period will have rents that will only increase by the annual provincial guideline until their tenancies end, irrespective of whether the Guideline applies to the proposed development under the RTA.

The replacement rental units and associated conditions address the replacement requirements of Official Plan policy 3.2.1.6 and are consistent with the City's implementation approach as outlined in the Rental Housing Demolition and Replacement Handbook.

## **Tenant Assistance Plan**

The Tenant Assistance Plan is consistent with the City's current practices as outlined in the [Rental Housing Demolition and Replacement Handbook](#). The Tenant Assistance Plan will support tenants to access and afford suitable housing within the neighbourhood until the new building and replacement rental units are available for occupancy.

The rental replacement matters and tenant assistance plan will be secured through an agreement pursuant to Section 111 of the City of Toronto Act, 2006, to the satisfaction of the Chief Planner and Executive Director, City Planning.
