RE: Installation of Traffic Calming Measures on Peterborough Avenue

Dear Chair and Members of Toronto and East York Community Council,

I have heard from residents on Peterborough Avenue regarding speeding vehicles impacting safety on their street. There have been many near misses involving dangerous drivers travelling off Dufferin Street aiming to avoid traffic at nearby intersections. These concerns and recent incidents highlight an urgent need for traffic calming measures on Peterborough Avenue.

In a survey hand-delivered to Peterborough Avenue homes by my office, a strong majority of residents voted in favour of installing speed humps to reduce speeding and improve safety for all residents.

RECOMMENDATIONS

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (seven speed humps) on Peterborough Avenue, between Greenlaw Avenue and Dufferin Street, generally as shown on the attached Drawings No's. TC-623 and TC-623-1, dated November 2025 from the Director, Enforcement and Street Management, Transportation Services.
2. Toronto and East York Community Council rescind the existing permit parking regulation in effect from 12:01 a.m. to 7:00 a.m., daily, except no parking 16th day to the last day of each month from April 1 to November 30, inclusive; and no parking anytime from December 1 of one year to March 31 of the next following year, inclusive; and no parking anytime from a point 35 metres west of Dufferin Street to a point 5.5 metres further west; and no parking anytime from a point 43 metres west of Dufferin Street to a point 5.5 metres further west; and no parking anytime from a point 50 metres west of Dufferin Street to a point 5.5 metres further west on the even (north) side of Peterborough Avenue from Dufferin Street to McFarland Avenue.
