Deferral of Item 27.19 - Zoning By-law Amendment for Garden Suites on Parkmount Road Facing Craven Road - Final Report

Dear Residents,

At the October meeting of the Toronto and East York Community Council, the above planning report on garden suites on Parkmount facing Craven was deferred to give more time for in depth conversations with local residents.

A small group from both Parkmount and Craven has met twice with Chief Planner Jason Thorne to gather data and sort through issues from both streets. Quite a bit of ground has been covered but there is more to go. It was suggested by everyone that more time would be helpful.

We can schedule a progress update meeting for all residents in December or early January to report on progress.

At the November 27th meeting of the Toronto and East York Community Council I will be deferring this to the January 13th meeting.

Sincerely,

Paula Fletcher
City Councillor Ward 14, Toronto-Danforth
