Indefinite Deferral of Item TE27.39 - 33 Morse Street - Application for Fence Exemption

Dear Residents,

At the September meeting of Toronto and East York Community Council, this item was deferred to the November meeting to direct Municipal Licensing and Standards staff to provide information on mediation services to the applicant and the neighbour involved in this matter.

At this time, as the parties involved are still in mediation and the matter is before the courts, I will be indefinitely deferring the matter.

Sincerely,

Paula Fletcher
City Councillor
