To the City Clerk:

Please add my comments to the agenda for the November 27, 2025 Toronto and East York Community Council meeting on item 2025.TE27.37, 93 Silver Birch Avenue - Application to Remove a Private Tree

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

Comments: Please publish this email on the city website. I will not be able to speak on WebEx. This beautiful majestic White Oak is healthy. They will not fall on the roof. If anything is falling on the roof it is leaves and acorns. Those do not harm the house. The tree helps shade the house and benefits the house by protecting the house from extreme temperatures. The tree also acts as an air filter. Nicole Corrado
