Re: Support for Item 10.3: 2026 Annual Network Plan: Provisioning Route Extension for Queen's Plate Drive

Dear Members of the Board,

I am writing in support of the motion before you – Item 10.3: 2026 Annual Network Plan, specifically regarding the proposed route extension for Queen's Plate Drive.

This proposal, as outlined, will have no financial impact and includes a one-year trial period which provides a great opportunity to evaluate the benefits of this extension. The extension would significantly support the existing business community and local institutions in the area by improving accessibility and encouraging continued economic activity.

As you know, Etobicoke North remains deficient in transit with limited connections. The proposed extension would represent an important step toward addressing this deficiency and improving mobility for residents, workers, and visitors.

I respectfully urge the Board to support the proposed route extension for Queen's Plate Drive as part of the 2026 Annual Network Plan. This initiative aligns with the City's broader goals of equitable transit access, sustainable growth and community connectivity.

Thank you for your consideration on this matter and continued commitment to improving transit options across Toronto.

Sincerely,

A handwritten signature in blue ink, appearing to read "Vincent Crisanti", with a long, sweeping horizontal line extending to the right.

Councillor Vincent Crisanti
Ward 1 - Etobicoke North
