WARD 9 • DAVENPORT** | **DEVELOPMENT COMMITTEE**

Dear Mayor Chow,

I would like to extend my sincere thanks for placing the waiver of application fees to support the redevelopment of Safehaven at their 1173 Bloor St W on the February Council agenda.

Your support in bringing this forward is greatly appreciated. I had been preparing to advance the matter as a Member's Motion, recognizing how critical it is to ensure continued progress on their development application for this important project.

Safehaven is advancing plans for its Bloor Street location as a hub that consolidates care and support services for children, youth, and adults with complex medical and developmental needs. Alongside expanding service capacity, Safehaven would like to incorporate affordable, accessible housing into the project, helping to support vulnerable populations. Our office has been working closely with Safehaven to help move their project toward implementation, and the facility will have a positive impact on the surrounding community in Davenport.

Thank you again for your leadership and for helping ensure that this project can continue progressing without delay.

Sincerely,

Alejandra Bravo
