Categories: Communication (Supp)

Dear Council,

As a concerned citizen and steward of a local ravine in Toronto, I am writing in support of Councillor Saxe's motion that:

“City Council direct the Chief Planner and Executive Director, City Planning, in consultation with the City Solicitor and the General Manager, Parks and Recreation, to report back to the Infrastructure and Environment Committee in the second quarter of 2026 on options to enhance protection of ravines from ravine-edge real estate development, including an analysis of increasing the buffer between development sites and sensitive ravines.”

Sincerely,
Geoffrey Chan
