Re: CC39.1 - Report on Councillor Chris Moise's Comments to a Constituent

Councillors,

When Councillor Matlow posted disparaging tweets about City staff, he was docked 10 days' pay. What Councillor Moise said was far more egregious. The moment now rests with you to send a clear message: discreditable, unbecoming conduct will not be tolerated. Citizens expect a meaningful sanction both to deter future misconduct and to uphold respect for the Office in which you hold.

We will be watching closely.

Sincerely,

Daniel Tate
