**Categories:** Communication (Supp)

To the City Clerk:

Please add my comments to the agenda for the March 25, 2026 City Council meeting on item 2026.CC39.1, Report on Councillor Chris Moise's Comments to a Constituent

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

### **Comments:**

To debase a constituent with accusations of 'White Supremacy' is completely inappropriate and has no place in civil discourse that should be the foundation of our municipal democracy. It is also extremely lazy and sadly not entirely unexpected - in the last 10+ years, claims of 'white supremacy' have become the fallback for bad-faith actors that know their arguments have no merit or factual basis, so they resort to the White Supremacy bogeyman. We need to do better and keep discussions rooted in facts, avoiding personal slurs and slander.

Failure to impose any sort of punishment on Councilor Moise will send a terrible message to Council - "If you don't like what your constituents are saying, you are free to disparage them" - and will only discourage constituents from future participation in municipal discussions. This is not a good path for the city.
