Subject: [External Sender] Council Meeting Re: CC40.1 April 22, 23 and 24.

Chris Moise was found guilty of misconduct, full stop.

Council now has a vote: should taxpayers cover his \$20,000 legal bill?

Any councillor who votes YES is weakening the enforceability of the Code of Conduct and their own credibility in future discipline cases.

You can't claim to uphold standards while voting to erase the consequences of breaking them.
