Hi City Council,

I'm a Toronto food truck operator writing regarding the recent motion to extend the expiry of R55 curb-lane vending permits to Dec 31 2028 to be discussed at City Council on April 22 2026.

While I appreciate that the proposal to make these permits permanent was removed, extending them again continues a pattern of delaying a transition that was clearly established by Council in 2014 and 2018.

These permits have already been extended multiple times, and many vendors have made business decisions based on the Dec 31 2026 expiry.

At some point, after 12 years, a transition needs to actually happen.

I respectfully ask that you support maintaining the 2026 expiry date and not support further extensions.

Thank you for your time and consideration,

Ada Mok & Cameron Pounder
