Re: New item - Authority to enter into agreements with the Ministry of Long-Term Care for the funding and development of 4610 Finch Ave East long-term care home

Members of the Economic and Community Development Committee,

I am requesting that a new item be added to the agenda for this meeting of the Economic and Community Development Committee, as requested by City of Toronto staff, on the report entitled *Authority to enter into agreements with the Ministry of Long-Term Care for the funding and development of 4610 Finch Ave East long-term care home*.

The staff responsible for this report has communicated that all requirements have been met.

**Motion – New Business:**

That the Economic and Community Development Committee add the following report to this meeting as a new item: *Authority to enter into agreements with the Ministry of Long-Term Care for the funding and development of 4610 Finch Ave East long-term care home*.

Thank you,

Alejandra Bravo  
City Councillor  
Ward 9, Davenport
