Re: Agenda Item EY33.3

The Lakeshore Village BIA supports the Lake Shore Boulevard West - City-initiated Official Plan and Zoning By-law Amendments Final Report. The BIA also supports maintaining the current level of street and lot parking, and expects there will not be any further reduction of parking since new developments are not required to provide on site parking. In the future as parking needs increase, the BIA supports increasing the number of lots and decking these and existing parking lots.

Sincerely,
